## MEMORANDUM

To: Tanisha R. Briley, City Manager

From: Kara Hamley O'Donnell, City Planner II

Date: February 14, 2019

Re: Proposed amendments to the Landmark Ordinance

The 2017 Master Plan included a goal of protecting historic properties through demolition review and the City obtaining Certified Local Government (CLG) status. The proposed revisions to the Landmark Ordinance increase the City's ability to safeguard locally designated historic properties, protect properties as they go through the Landmark designation process, permit the Landmark Commission to designate local historic districts where more than 50% of property owners consent, protect designated properties from inappropriate alterations or demolition (including up to a 12 month delay) by requiring Landmark Commission approval.

These amendments to the Code would now meet the standards required to obtain CLG status. Such status makes the City eligible for grants through the Ohio Historic Preservation Office (OHPO) to conduct surveys, nominate properties to the National Register of Historic Places, further community historic preservation education, and acquire and redevelop designated historic properties.

While the City currently has 13 National Register Historic Districts, this designation does not trigger local review. Designating local historic districts adds a layer of City review to protect these special historic neighborhoods.

The proposed amendments are summarized below:

**Code Section 143.01** Clarification of staggered Landmark Commission terms and rules

**Code Section 143.02** Additional purposes (g through i) added to safeguard the integrity of the City's designated Landmarks/Historic Districts

**Code Section 143.021** Definitions added for clarity and as required by OHPO

**Code Section 143.03** Specific qualifications for members and their training

**Code section 143.04** Council may pay Landmark Commission members

**Code section 143.05** Members shall not have financial/personal interest in a property under review.

**Code section 143.06** Meetings, notification and minutes requirements expanded

**Code Section 143.07** Landmark Commission secretary duties listed and clarified

**Code Section 143.075** Criteria for designation relocated, listing criteria for designation

**Code section 143.08** Procedures for designation have been substantially amended:

- a. Landmark Commission may adopt a resolution to protect a potential Landmark or Historic District during the designation process by referring all permits to Landmark Commission for their review.
- b. Landmark Commission shall seek, but not require, owner consent for Landmark designation. Greater than 50% of property owners must consent to Historic District designation.
- c. Property owner notification of the designation is required as is filing with the Recorder of Deeds of Cuyahoga County.

d. Landmark Commission procedures for removal of Landmark or Historic District designation are included.

**Code section 143.09** Existing Landmarks shall comply with the new ordinance regulations. Requirements were added to codify current practices of maintaining a record of Landmarks and providing plaques or signage for designated properties.

**Code section 143.10** A process for obtaining Landmark Commission approval for building change, alteration, new construction or demolition has been added and is called a Certificate of Appropriateness. There is also a provision for delaying demolition for 12 months in order to conduct meaningful and continuing discussion to find a means of preserving the Landmark or property within an historic district.

**Code section 143.11 – 143.99** Additional powers and duties, minimum maintenance requirements, design guidelines, severability, fees, and penalties were added in accordance with OHPO requirements.

### **143.08 PROCEDURES FOR DESIGNATION OF LANDMARKS AND HISTORIC DISTRICTS**

The Landmark Commission may adopt a resolution designating a site, building, structure, work of art or similar object in the City of Cleveland Heights as a Landmark or designate any grouping of such places or objects, or combination thereof, as a Historic District, by following the procedures set forth in this section. The Landmark Commission may act on its own initiative or pursuant to a request by an individual, group of individuals, or organization.

- (a) Owner Notification. Notification shall be in accordance with Section 143.06(b).
- (b) Permit Referral. In order to protect proposed Landmark properties or Historic Districts during the designation process, the Landmark Commission may adopt a resolution requiring, during the designation process, referral of all applications for permits related to a proposed Landmark or Historic District to the Landmark Commission for review. If the Landmark Commission adopts such a resolution, all such permit applications pending

as of the effective date of the resolution and all permit applications submitted after said effective date shall be referred to the Landmark Commission for review, and the Landmark Commission shall have the same powers that would apply if the property were an established Landmark or Historic District. The referral and review of such permits shall continue for up to twelve (12) months after the Landmark Commission adopts such a resolution, or until such time as the Landmark Commission approves or rejects the establishment of the Landmark or Historic District, whichever occurs first.

- (c) Owner Consent. The Landmark Commission shall seek the consent of the owner or owners of all property included in the proposed designation. Consent is not required for a property to be designated as a Landmark. Greater than fifty percent (50%) of property owners within a proposed Historic District shall constitute consent to designation. Each individual parcel shall have a single owner vote.
- (d) Landmark Commission Report and Recommendation. The Landmark Commission shall prepare or cause to be prepared a report and recommendation as to the property proposed to be designated as a Landmark or within a Historic District, including an explanation of the significance of the property or properties in relation to the designation criteria, a description of the property or properties with a list of contributing and non-contributing structures and sites, a history of the property or properties, photographic documentation, and a map or site plan showing the boundaries of the proposed Landmark or Historic District. If the Landmark Commission recommendation is to decline designation of the Landmark or Historic District, no further action shall be taken.
- (e) Planning Commission recommendation. The Landmark Commission shall submit the report and recommendation to designate the Landmark or Historic District to the Planning Commission and secure a Planning Commission recommendation on the proposed designation, its opinion as to the effect of the proposed designation upon the surrounding neighborhood, and its opinion and recommendations as to any other planning consideration which may be relevant to the proposed designation, together with its recommendation of approval, rejection, or modification of the proposed designation. This recommendation shall become part of the official record concerning the proposed designation. The Landmark Commission may make such modifications concerning the proposed designation as it deems necessary in consideration of the Planning Commission's recommendation.
- (f) Landmark Commission public hearing. Within forty-five (45) days after receiving the Planning Commission's recommendation, the Landmark Commission shall schedule a public hearing on the proposed designation, providing notice in accordance with Section 143.06(b)(1). The public hearing shall include a summary of the property or district's history, the Commission's rationale for designation, and an explanation of the effect of designation. The Landmark Commission shall conduct the public hearing and provide opportunity for all interested parties to express their opinions under such rules as the Landmark Commission may adopt for governing the hearings.
- (g) Landmark Commission determination and Landmark/Historic District designation. After the required public hearing has been concluded, within sixty (60) days, the Landmark Commission shall then determine whether or not to designate the proposed site(s), building(s), structure(s), work(s) of art or similar object(s) as a Landmark or Historic District. The designation of

a Landmark or Historic District becomes in full force and effect from the date the Landmark Commission adopts a resolution to designate the individual site, building, structure, work of art or similar object as a Landmark.

- (h) Notification of designation. Within fourteen (14) days after the adoption of a resolution by the Landmark Commission designating a Landmark or Historic District, the Secretary of the Landmark Commission shall communicate notice of the designation in writing to the owner(s) of such property, other interested parties requesting information, City Council and the City Building Department. A certified copy of the designating resolution together with a notice briefly stating the fact of such designation and a summary of the effects of such designation shall be filed with the Recorder of Deeds of Cuyahoga County and shall be sent to property owners included in the designation.
- (i) Removal of Landmark or Historic District Designation. The owner(s) of a Landmark or properties within a locally designated Historic District may petition the Landmark Commission to remove Landmark or Historic District status. In the case of a Historic District, at least a two-thirds majority of property owners, with each individual parcel having a single owner vote, must petition the Landmark Commission for designation removal. The Landmark Commission shall hold a public hearing to determine whether the property shall remain a Landmark or Historic District and shall provide notice of such hearing in accordance with Code section 143.06(b). The Commission shall take into account the reasons for initially designating the property or properties as a Landmark or Historic District, shall review the petition to rescind, and shall render a decision within ninety (90) days of receipt of the property owner(s)' written petition. After a final decision is rendered, the Landmark Secretary shall communicate notice in writing to the owner(s) of such property, and other interested parties requesting information, and the City Building Department. A resolution for removal of Landmark or Historic District designation shall be filed with the Recorder of Deeds of Cuyahoga County and shall be sent to property owners.
- (j) All Landmarks designated prior to the effective date of this ordinance shall maintain Landmark status and abide by Chapter 143 of the Codified Ordinances.

#### **143.09 RECORD OF LANDMARKS**

The Landmark Commission shall maintain complete records of all properties and districts designated as Landmarks and Historic Districts in the office of the Department of Planning and Development. This designation shall also be noted in the Building Department and Housing Department records of the City.

#### **143.10 REGULATION OF BUILDING CHANGE/CERTIFICATE OF APPROPRIATENESS**

No owner, tenant, or occupant (hereafter, for purposes of this section 143.10, "owner") of any property designated as a Landmark or located within an Historic District shall undertake any building change, exterior alteration, new construction, or demolition to any part of the Landmark property or property within an Historic District without the consent of the Landmark Commission. Nothing herein contained shall prohibit immediate repairs necessary to remedy a condition dangerous to life, health or property.

- (a) Application for Certificate of Appropriateness.
  - (1) When the owner of a Landmark property or property within a designated Historic District wishes to undertake any building change, exterior alteration, new construction, or demolition, then the owner

shall, in addition to applying for a building/demolition permit, apply to the Landmark Commission for a "Certificate of Appropriateness." Within seven (7) days following receipt of a demolition permit application or a building permit application that affects the exterior architectural features or appearance of a designated Landmark or property within a designated Historic District, the Building Department shall forward the application, plans, elevations, and other documentation to the Landmark Commission. The Building Department shall not issue the building or demolition permit for a Landmark or property within an Historic District until the Certificate of Appropriateness has been issued by the Landmark Commission.

(2) Application for review of exterior construction, alteration, demolition, or removal not requiring a building permit, but for which a Certificate of Appropriateness is required, shall be made on a form prepared by the Secretary of the Landmark Commission. This application will state in detail the change which the owner wishes to make to such property, together with appropriate drawings, plans, elevations, and other information necessary to explain and evaluate the proposed change.

(b) Public Hearing by the Landmark Commission. The Landmark Commission shall hold a public hearing to review proposed any building change, exterior alteration, new construction, or demolition to any part of the Landmark property or property within a Historic District within sixty (60) days from the date the application is accepted as complete by the Secretary to the Landmark Commission. Notice shall be provided in accordance with Section 143.06(b).

(c) Action by the Landmark Commission. Utilizing the design guidelines set forth in Section 143.14 of this ordinance, the Landmark Commission may approve the request for change submitted by the owner, modify the change requested by the owner, or reject the proposed change, all in accordance with its original criteria for designation of the particular Landmark or Historic District. The Landmark Commission shall then determine whether to issue a Certificate of Appropriateness. The applicant shall be given a written notice of the determination and, if approved, be issued a Certificate of Appropriateness. If the Landmark Commission does not act on the request within ninety (90) days of application, the request will be deemed approved. The Landmark Commission decision shall be final.

(d) Notice of Landmark Commission decision. Within fourteen (14) days after the action by the Landmark Commission, the Secretary of the Landmark Commission shall communicate notice of the action in writing to the owner(s) of such property, other interested parties requesting information, and the City Building Department.

(e) Time limit for demolition disapproval. If an application for demolition of a Landmark or property within a Historic District is rejected, the Commission and City staff shall negotiate with the applicant to find a means of preserving the property. If after a twelve-month period of meaningful and continuing discussions, no alternative is found, the Building Department shall issue a permit for demolition without a Certificate of Appropriateness. Nothing herein shall prevent the City from ordering and/or approving the immediate demolition of such a property if, in the judgment of the Chief Building Official, it may cause a danger to the public health, safety, and/or welfare.

Nothing herein contained shall obviate compliance by the owner of such property

with all other applicable ordinances, rules and regulations of the City.

#### **143.11 POWERS AND DUTIES OF THE COMMISSION**

Attendance by Commission members shall be in person. The presence of four (4) or more members shall constitute a quorum for the transaction of all business and action by the Commission on any matter shall be effected by the concurring votes of at least four (4) members. No person, being the owner of a Landmark property or a property located within a Historic District in the City of Cleveland Heights, shall fail to provide sufficient and reasonable care, maintenance and upkeep to ensure such building, structure, or site's perpetuation and to prevent its destruction by deterioration. This provision shall be in addition to all other applicable code provisions and shall be subject to the penalties outlined in Section 143.99 of this ordinance.

### **143.14 DESIGN GUIDELINES**
