Information was exchanged on issues that have come up regarding immigrants and refugees in our City and throughout the County. It was agreed that the need for housing, translators, education and support for job seekers needed to be prioritized within the coalition. At this time the housing issue is the top priority and also finding a meeting place within our community. There is also discussion to finalize the MOU between the City, the Library and the School District. This group will meet on a regular basis.

- **Planning**

- Architectural Board of Review

ABR approved a contemporary, flat-roofed house for a vacant lot at 3391 Bradford. The owner will certify it using LEED or a similar green rating system to qualify for the Citywide tax abatement program.

- Medusa

On Tuesday, the Landmark Commission toured the Medusa Building, impressed with the architecture and history of this mid-century office building, finding it Landmark worthy. Thursday we received a Landmark designation application and a state tax credit application signed by Matt Gile. Developer Roger Bliss plans to redevelop the property, turning the office building into a 12-unit apartment building, demolishing the small office building and, on the parking lot, constructing approximately 24 townhomes.

The pending Landmark Ordinance would allow for expedited processing of state historic tax credits for any City Landmark. If, by the end of March, the Landmark Commission designates the Medusa property as a Landmark (which is on their March 13 agenda) and the City is designated as a Certified Local Government, the development will be eligible to apply by the April 1 deadline for state historic tax credits of up to 25% of the project cost. The Ohio Historic Preservation Office has all CLG materials and awaits a copy of the adopted ordinance before sending the CLG application to the federal government, the final step in listing. In addition to state tax credits, if the building obtains National Register listing, it will be eligible for federal historic tax credits of 20% of project costs. Both state and federal historic tax credits are being used in the College Club redevelopment and are often critical to rehabilitation of historic properties.

- **Business Retention, Expansion, Attraction & Creation (BREAC)**
 - Outreach focused on the Coventry Village and Cedar Lee Districts.
 - Kensington Pub, 2260 Lee Road, expects to do a “soft opening” within the next week with a more formal grand opening to follow sometime after that. The owners have been hard at work for nearly two years to complete renovations and open in the former Tavern Company space.
 - City staff is working with the Coventry SID and Future Heights to identify strategies to bring in new tenants that are also a good fit for the district.
 - Staff continues to work with several property owners and potential new businesses on opportunities. There has been a significant increase in activity and interest surrounding the leasing of available space in Cleveland Heights in recent months. Updates and announcements will be provided as leases/deals are finalized.

- **Housing**
 - Citizenserve software initiation has begun and weekly implementation meetings have started this month. Initial sessions have been focused on contractor registrations, soon to be followed by building permits.
 - 2036 Hampstead single family structure is in the process of being transferred from State Forfeiture to Future Heights through the County Land Bank for renovation purposes as part of our CDC partnership.

- **Parks and Recreation**
 - The spring indoor pool season starts next week at the high school. Passes can be purchased at the community center.
 - The Focus magazine will arrive at residents’ homes this week. The issue contains all Spring/Summer recreational offerings for 2019.

- **Police**
 - The following information was posted on our Facebook page this week after learning of a possible scam targeting residents in Cleveland Heights:

Caller ID Spoofing - How to Protect Yourself

Recently a Cleveland Heights resident reported receiving a suspicious phone from someone claiming to be from the City of Cleveland Heights Utilities Dept. The caller inquired about a subsidy she was not receiving on her bill.

The resident became suspicious and contacted the City only to learn that the call did not come from the City of Cleveland Heights.

It is believed that this was a scam associated with Caller ID Spoofing. Ca...

- As a reminder, on March 7, 2019, the Police Department will be hosting Pizza with the Police from 6 pm – 8 pm at the Police Academy. This event will be held during our regular Meet Your Police meeting and is similar in nature to Coffee with a Cop which allows for conversation in a more relaxed atmosphere with residents about any concerns they may have. Attached is the flyer that is being distributed and will be posted on social media.

- **Fire**

- The new emergency reporting system went live on February 28 at midnight.
- Fire Chief Freeman attended the PD active shooter training to begin the process of integrating police/fire response for active shooter incidents.
- There was a house fire Friday morning. The dispatch center received a call at 6:46 am reporting a lot of smoke coming from chimney and attic vents at 3650 Atherstone Road. Fire Command arrived on scene at 6:50 am and reported a house fire. All Cleveland Heights units as well as mutual aid units from South Euclid, Shaker Heights, and University Heights fought the fire. The fire appeared to start in the basement and burn up into the first floor. The fire was reported under control at 7:27 am. It is under investigation at this time - home was undergoing renovation, no one living in residence. No injuries to any crew members were reported.

- **Other**

- HB 62

The transportation budget, HB 62, received hearings in both legislative chambers this week. HB 62 includes a proposed \$0.18 increase in the State's gas tax which would increase local revenues for all communities. If adopted, the additional tax is estimated to generate an additional \$10 million for First Suburb communities alone in the first year. In Cleveland Heights are gas tax dollars fund our local roads resurfacing and maintenance programs. We would receive \$830,000 more 2020 for our local projects, which will grow each year, if the increase is passed.

The increase is widely supported from State departments like ODOT and the Ohio Public Works as well as municipal associations like the Ohio Municipal League, Ohio Mayors Alliance, First Suburbs, and Mayors and Managers Association. However, it is not without debate. Legislators on both sides of the aisle are pushing for offsets to the increase in other areas such as income tax. The bill will move through the process by the end of March. In the meantime, we plan to send a letter in support of the increase to our House and Senate representatives.

- Making Democracy Work Leadership Institute
The City Manager was one of 15 city managers across the country selected to participate in a new leadership program for local government managers interested in building stronger public deliberation and civic engagement skills. The Making Democracy Work Leadership Institute was created by the International City/County Managers Association (ICMA) and the Kettering Foundation and the inaugural class will spend two years working together to build skills around effective engagement using the Kettering Foundation's approach of citizen focused problem solving through collaboration.

143.10 REGULATION OF BUILDING CHANGE/CERTIFICATE OF APPROPRIATENESS/TIME LIMIT FOR DEMOLITION DISAPPROVAL/MINOR CHANGES

No owner, tenant, or occupant (hereafter, for purposes of this section 143.10, "owner") of any property designated as a Landmark or located within an Historic District shall undertake any building change, exterior alteration, new construction, or demolition to any part of the Landmark property or property within an Historic District without the consent of the Landmark Commission. Nothing herein contained shall be construed to prevent the ordinary maintenance or repair of any exterior architectural feature of any property which has been designated a Landmark or which is located in a Historic District that does not involved a change in design, material, color, or exterior appearance, nor prohibit immediate repairs necessary to remedy a condition dangerous to life, health or property.

(a) Application for Certificate of Appropriateness.

(1) When the owner of a Landmark property or property within a designated Historic District wishes to undertake any building change, exterior alteration, new construction, or demolition, then the owner shall, in addition to applying for a building/demolition permit, apply to the Landmark Commission for a "Certificate of Appropriateness." Within seven (7) days following receipt of a demolition permit application or a building permit application that affects the exterior architectural features or appearance of a designated Landmark or property within a designated Historic District, the Building Department shall forward the application, plans, elevations, and other documentation to the Landmark Commission. The Building Department shall not issue the building or demolition permit for a Landmark or property within an Historic District until the Certificate of Appropriateness has been issued by the Landmark Commission.

(2) Application for review of exterior construction, alteration, demolition, or removal not requiring a building permit, but for which a Certificate of Appropriateness is required, shall be made on a form prepared by the Secretary of the Landmark Commission. This application will state in detail the change which the owner wishes to make to such property, together with appropriate drawings, plans, elevations, and other information necessary to explain and evaluate the proposed change.

(b) Public Hearing by the Landmark Commission. The Landmark Commission shall hold a public hearing to review ~~proposed~~ any proposed building change, exterior alteration, new construction, or demolition to any part of the Landmark property or property within a Historic District within sixty (60) days from the date the application is accepted as complete by the Secretary to the Landmark Commission. Notice shall be provided in accordance with Section 143.06(b). When an application for a building or environmental change requires review by both the Landmark Commission and the Architectural Board of Review, the boards shall make every effort to meet jointly.

(c) Action by the Landmark Commission. Utilizing the design guidelines set forth in Section 143.14 of this ordinance, the Landmark Commission may approve the request for change submitted by the owner, modify the change requested by the owner, or reject the proposed change, all in accordance with its original criteria for designation of the particular Landmark or Historic District. The Landmark Commission shall then determine whether to issue a Certificate of Appropriateness. The applicant shall be given a written notice of the determination and, if approved, be issued a Certificate of

ORDINANCE NO. 11-2019 (PD)

Appropriateness. If the Landmark Commission does not act on the request within ninety (90) days of application, the request will be deemed approved. The Landmark Commission decision shall be final.

(d) Notice of Landmark Commission decision. Within ~~fourteen~~ten (1410) days after the action by the Landmark Commission, the Secretary of the Landmark Commission shall communicate notice of the action in writing to the owner(s) of such property, other interested parties requesting information, and the City Building Department.

(e) Time limit for demolition disapproval. If an application for demolition of a Landmark or property within a Historic District is rejected, the Commission and City staff shall negotiate with the applicant to find a means of preserving the property. If after a twelve-month period of meaningful and continuing discussions, no alternative is found, the Building Department shall issue a permit for demolition without a Certificate of Appropriateness. Nothing herein shall prevent the City from ordering and/or approving the immediate demolition of such a property if, in the judgment of the Chief Building Official, it may cause a danger to the public health, safety, and/or welfare.

~~(e)~~(f) Approval of Minor Changes. The Landmark Commission may delegate to its staff the authority to issue Certificates of Appropriateness for specified minor changes. The Landmark Commission shall provide to staff written guidelines for issuing Certificates of Appropriateness under this subsection.

143.105 CERTIFICATE OF ECONOMIC HARDSHIP

(a) An applicant who has been denied a Certificate of Appropriateness may, within thirty (30) days of the denial, apply for a Certificate of Economic Hardship. Application shall be made on a form prepared by the Landmark Commission. The Landmark Commission may hold a public hearing on the hardship application. All of the following criteria shall be considered to determine the existence of an economic hardship, provided that the applicant shall have the burden of persuasion by clear and convincing evidence:

(1) Denial of a certificate will result in a substantial reduction in the economic value of the property;

(2) Denial of a certificate will result in a substantial economic burden on the applicant because the applicant cannot reasonably maintain the property in its current form;

(3) No reasonable alternative exists consistent with the architectural standards and guidelines for the property;

(4) The owner has been unable to sell the property;

(5) Previous alterations have interfered with the architectural character of the property and the character defining features to illustrate the style or type are lost, and to return the property to its original character is not reasonable; or

(6) Denial will result in a substantial burden as set forth in the applicant's sworn statement or affidavit in support.

(b) Certificate Process. The Landmark Commission may solicit expert testimony or request that the applicant for a Certificate of Economic Hardship submit evidence concerning property value, cost estimates, income, expenses, and/or any other information that the Landmark Commission deems necessary to determine whether denial of the application constitutes an economic hardship. The level of documentation required may vary as is appropriate to each case.

ORDINANCE NO. 11-2019 (PD)

- (c) Landmark Commission Action on an Application. The Landmark Commission shall act upon the application for Certificate of Economic Hardship within ninety (90) days after receipt of such an application. If no action has been taken by the Landmark Commission within ninety (90) days, the application shall be deemed granted, unless the time is extended by mutual agreement. Upon the denial of an application, the applicant shall be notified by mail.
- (d) Investigation of Measures to Relieve Hardship. Upon a finding by the Landmark Commission that a denial of the application for building or environmental change results in a hardship, then the application for a Certificate of Appropriateness shall be delayed for a period not to exceed sixty (60) days. During this period the Landmark Commission shall investigate measures to relive the hardship or otherwise preserve the property. Such plans and recommendations may include, but are not limited to: financial assistance, Building Code modifications, and/or changes to zoning regulations, to the extent such actions may be lawful.
- (e) Issuance of Certificate. If by the end of this ninety (90) day period, the Landmark Commission has found that without approval of the building or environmental change the hardship cannot be relieved, then the Landmark Commission shall issue a Certificate of Economic Hardship permitting the proposed building or environmental change.

Nothing herein contained shall obviate compliance by the owner of such property with all other applicable ordinances, rules and regulations of the City.
