study area

theme zone base map

community questionnaire

your feedback, thoughts and suggestions

For each focus area, please rank the three design ideas shown in the presentation with 1, 2 and 3 where it corresponds below, with 1 being your favorite and 3 being your least favorite.

1. Northern Greenway Entrance:

A) Sculptural: _____ B) Modern: _____ C) Traditional: _____

2a. Northern Greenway Corridor:

A) On-Street Parking Retained, Bike Sharrows: _____ B) On-Street Parking Removed, 2-Way Bike Lane: _____ C) Shared Living Street: _____

2b) If it would help support the creation of bike lanes and / or a more pedestrian oriented street, would you support the removal of on-street parking along Compton Road? (please circle one)

Yes, I would support it Maybe, I would consider it No, I am against it

2c) If it would help support the creation of bike lanes and / or a wider pedestrian and bicyclist right-of-way, would you support the conversion of Compton Rd / South Compton Rd into a one-way street rather than a two-way street as it is currently? (please circle one)

Yes, I would support it Maybe, I would consider it No, I am against it

2d) If you answered "Yes" or "Maybe" to support converting Compton Rd into to a one-way street, would you prefer traffic to flow to the north or to the south? (please circle one)

To the North

To the South

3. Cross-Street Intersections:

A) Crosswalks: _____ B) Curb Extensions: _____ C) Mini Traffic Circles: _____

4. Vacant Lots:

A) Kept as-is: _____ B) Mini Park: _____ C) Infill Housing: _____

community questionnaire

your feedback, thoughts and suggestions

For each focus area, please rank the three design ideas shown in the presentation with 1, 2 and 3 where it corresponds below, with 1 being your favorite and 3 being your least favorite.
