What are your goals for our community and are there areas in which you believe the City needs improvement? How would your service on City Council help achieve those goals and improve the City?

I originally proposed to the city and council how important it is to the people that a government subsidized street club program be established on a digital platform. No one listened. COVID-19 has proven me right. If there had been installation of this idea earlier the confusion and disarray would have been quelled. There is still time, I can do it. Implementation of survival operations

Do you have other responsibilities which would prevent you from participating in City Council and Council Committee work during certain hours or on certain days?

Married with children

State any additional information you would like to have considered.

I have a proven plan of action to network the city, to unite all the residents and monitor their well being, provide information, resource networks and participating facilities that are in operation and how to access them. Political parties and candidates can conveniently town house all their platform online to a larger group.
